Notable New Products From The 2022 Summer Fancy Food Show

REAL Cookie

Better-for-you cookie maker REAL Cookie introduced a new, Cookie Popper format to its lineup. The snackable sweet offers consumers a miniature version of the brand's classic chocolate chip cookie. Like the rest of the REAL Cookie line, Cookie Poppers are a plant-based gluten-free, dairy-free product made with coconut flour. REAL Cookie Cookie Poppers will be released later this year.
